Convenient and precise operation

Multi lingual touchscreen allows to control the electrical backgauge or to select easily preprogrammed settings for the most common formats (A3, A4, A5, A6). Up to 99 individual programs with 10 steps in each program can be stored on the memory. Blade fine depth adjustments can either be done via touchscreen or manually from the outside.

The LED optical cutting line guarantees easy alignment of cutting marks for precise cuts. The electronic hand wheel facilitates manual backgauge positioning, accurate to the millimeter at variable speed.

Safety is guaranteed

Infrared safety beam in the working area ensures the highest level of safety, automatic shut-off in case of access. Two-hand operation: executing a cut is only possible by pushing two buttons at the same time. Safe and easy blade change with a blade changing device.
