

intimus 4980 D

Manual guillotine with 485 mm cutting length and 75 mm cutting height

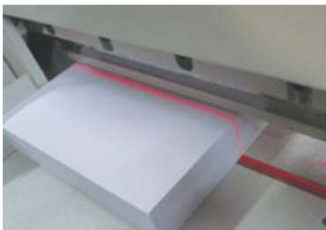

Powerful table-top machine or as a free standing version with optional table available, for cutting of up to 750 sheets. Suitable for high-volume use in offices, copy shops, digital printing houses etc. Effortless operation via ergonomically shaped lever handle. Simple exchange and rotation of cutting stick from outside the machine without tooling.

Precise

Easy setting of the backgauge via the hand crank and the digital measurement readout in mm or inches on the front machine table. The LED optical cutting line guarantees easy alignment of cutting marks for precise cuts.

Safe

The safety catch locks the blade lever in upper position. Executing a cut is only possible if the safety catch is released and the safety guard is closed. Safe and easy blade change with a blade changing device.

Article No.	INT-GU-004980D
